

PAMIX FAM901 Male RJ45 Cat 6A Field Assembly, Tool-free, Shielded

Cat 6A

500MHz

10G
Ethernet

90°
Opening

360°
Shielded

PoE+

Applications

PAMIX RJ45 Cat 6A male connector can be used to be terminated directly to Ethernet network cables. It's field assembly product, tool-free installation, time-saving suitable for IP cam connecting in the field and other applications. Reduce failure connect problems by avoiding connecting patch cords to wall mount fixed RJ45 female modules.

Features

- Tool-free RJ45 network connector
- CAT 6A STP shielded
- 10G Ethernet, 500MHz
- TIA-568 A & B connecting standards
- 90° opening wings
- 360° cable shielding
- Metallic color
- Zinc die cast material
- Bar copper conductor (AWG 22 to 24).
- Suitable for round cable of maximum outer diameter: 9 mm
- Easy and tool-free assembly
